REF : Memorandum from Chief, NEA Division to Director of Logistics,
dated 7 June 1957, subject, New Construction, NEA Division

1. As requested in the reference memorandum, representatives of the Real Estate and Construction Division held several meetings [REDACTED]

25X1C4a

25X1C4a

[REDACTED] regarding Agency housing requirements at the seven stations listed in your memorandum. These discussions were followed by our letter [REDACTED], dated 21 June 1957, copy attached, which set forth these requirements.

25X1C4a

2. A reply was received in a memorandum, dated 31 July 1957, copy attached, giving the [REDACTED] views regarding the requirements and the availability of suitable housing.

25X1C4a

3. Subsequent discussions with officers of the [REDACTED] including the area [REDACTED] officer, disclosed the following:

25X1C4a

25X1C4a

a. The [REDACTED] requirements may possibly be overstated since decisions as to the number of Agency personnel to be assigned to these stations have not yet been made.

25X1C4a

b. The interested officers are unwilling to consider other solutions until it has been established that the problem cannot be solved by obtaining housing on short-term leases.

c. Since [REDACTED] has no present plans for the construction of housing at any of these stations, difficulties are foreseen in a program that involves construction of only one, or at the most two, residences in these areas.

25X1C4a

d. [REDACTED] is similarly reluctant to consider purchasing residential properties in these areas. However, it was indicated that this question could be reopened if it proved impossible to acquire suitable housing through leasing arrangements.

SUBJECT: Housing Requirements - NEA Division

4. In view of the foregoing, it is the opinion of this division that solutions to these housing problems will have to be developed on an individual basis at each station as the need arises. It may be noted that the Agency is currently proceeding along these lines in connection with a residence for [REDACTED] which is being acquired in a similar manner to that indicated in the last paragraph of the attached memorandum [REDACTED]

5. Discussions [REDACTED] regarding this matter, are continuing, and NEA will be kept fully informed of all developments.
